

7 Reasons

Phenova Environmental CRMs Provide a New Standard of Confidence

1

Stay in Calibration Longer

By ensuring each lot is as consistent as the next, you'll be kept away from trends and experience fewer out of control calibrations.

2

Extended Lifespan

To avoid any potential quality issues, deactivated glassware and ampoules are used.

3

Simple and Smart Packaging

The slim fit casing allows easier storage and each ampoule comes with extra labels for transfer vials, paperwork, etc.

4

Dependable Inventory

With multiple lots readily available, you can count on product to be shipped at your call.

5

Benefit from Centuries of Experience

The team of Sr. Analytical Chemists and Technicians who produce Phenova CRMs have over 300 years of combined experience utilizing and manufacturing reference materials.

6

Personalized Technical Support

Your personal technical consultant is available to help with your analytical methods, reference standard or column (GC/LC) selection and more.

7

100% Certified - Guaranteed!

Phenova CRMs meet the strict criteria defined under ISO/IEC 17025 and ISO Guide 34 producing extremely accurate and consistent CRMs.
